*Dear Shri Anupam Sahai, President of MG Alumni Association and other Team Members,*

It was indeed a pleasure joining you all during the Alumni Meet at MG Degree College, now PG College, Gorakhpur with very active coordination by Shri Anupam Sahay, President of the Alumni.

This meet gave us opportunity to meet many colleagues from different batches and we were glad to see the diversity our colleagues could achieve from Medicine to Administration, Banking, Business Leaders, Corporate, Police Force, Indian Railways, Practicing Doctors and many more avenues.

Anupam has been very active in keeping in touch with most of our colleagues of different batches and that shall remain a very strong strength for any such alumni to be active. This meet refreshed our old memories. I was in this Institution from Intermediate to Graduation and perhaps very few such students of such a long association. It was a thrill to meet many Professors with whom we were very actively associated, by virtue of our participation in academic, sports, games or as General Secretary of the Chemical Society. It refreshed our memories of various roads of Gorakhpur.

My special thanks go to all Old and Current Management Members of the College, Principal, Professors. I congratulate Anupam and each and every member of this Alumni for their hard work in connecting old and current colleagues together on a platform and wish this tradition should continue for time to come. I wish all the best to all our young team members and good health to all our senior colleagues.

With love and regards,

Dr. Pramod Kumar Sinha, PhD.
